(2) Four students of (Class VII & IX) have become Hafaza after completion of memorisation of Holy Quran. They became Hafaza while carrying on with their studies in modern education. Other students are also undertaking memorisation of Holy Quran while simultaneously pursuing the modern education. (3) **Department of Adult Education** had

been established on 20th June 2002. A young married illiterate woman has enrolled herself for the course and is pursuing her studies as a paid boarder. Several illiterate girls and women have also enrolled themselves for the course. The Adult Education Programme is of one year duration.

Note: Those young girls and women who are illiterate and wish to enroll themselves for the Adult Education Programme can contact the institution for the same.

An appeal (Kafala Scheme): Every year 50 to 60 orphan girls have to return saddened and without being admitted because of pressing financial problems. Annual expenditure for the education of an orphan girl is (Rs. 7,500/=) only. Brethren-in-Islam too can generously contribute towards this by bearing the expenses of at least one orphan girl. ● If you do not care for them they would remain illiterate. Allah (SWT) would indeed hold you accountable on the Day of Judgment. ● So long as the wealthy section of the community does not take the responsibility of educating at least one orphan girl, the dream of spreading literacy would never be fulfilled. Instead, the gap of illiteracy would further widen. "Educating a girl is as if a whole family has been educated" ● It is the duty of wealthy persons to take care of the helpless, orphan girls of the community. Please help this growing institution through ● Zakat ● Fitra ● Sadqah ● Charity ● Donation and Bank interest etc. **Cheques and Drafts to be made in the name of "The Gaya Muslim Girls' Orphanage"**.
